Notice Notice

The product must not thaw or become warmer than -15°C

In the core before reaching the consumer.

Sensory evaluation Deep-frozen:

Appearance: Fish portions, cut from fish blocks,

even in form, closed breadcrumbs

in yellow color with dark crust shares, pre - fried.

Prepared:

Appearance: Bright fish meat with a clear fillet structure,

light-brown and closed breadcrumbs,

with dark crust shares.

Smell: Aromatic, fresh, after breaded fish, no any

foreign smell.

Taste: Aromatic, spicy, like fish with breadcrumbs

Texture: Firm, juicy fish; crispy breading

Preparation recommendation

In the pan:

Fry the deep frozen portions in some preheated oil, over a medium heat for about 5 minutes of each side.

In the oven:

Bake the deep-frozen portions in the pre-heated oven at 200°C (fan assisted oven: 180°C) for approx. 20 minutes

In the deep fryer:

Fry the deep-frozen portions by 180°C for

approx. 7-8 minutes.
